Letter of Qualification Questions & Responses

Question 1: Could you please provide me with the approximate value of this project?

Response 1: At this point in time we are seeking letters of qualification. After qualified bidders have been selected, we will provide the approximate value of the project to these qualified bidders.

Question 2: Could you please provide me with the name of the architect for this project?

Response 2: This information will be provided to all qualified bidders on or after May 22, 2009.

Question 3: Is this project to include design and construction or only construction?

Response 3: We are seeking letters of qualification for construction only.

Question 4: We are, of course licensed throughout the entire state of Florida and I am unsure what is required with the item noted as "Licensure in Putnam County, Florida"? It's my understanding that our GC license covers all counties within the state. Would this be a local business license by chance? Is there a local county requirement regarding this that I am unaware of?

Response 4: For information regarding any relevant licensure requirements in Putnam County, you can contact the Putnam County Planning & Development Department's Building Division at 386-326-7169 or 386-329-0461.
